

Dear Partners,

ARE YOU HAVING TROUBLE OPENING A BANK ACCOUNT FOR YOUR CLIENT?

If you have registered an offshore company for your client and cannot open a bank account on your own, let us handle it. We will be happy to begin our business relationship by demonstrating that we can open account on your behalf for your clients. So we are glad to offer the following service to you:

Opening Accounts in Banks and Payment Systems for Offshore companies (all jurisdiction including UK's LPs)

What do we offer?

- Consultation – we will advise you on the best possible option for your clients on the market;
- Support on every step of the account opening process – sometimes it is crucial to have a full support on KYC and Compliance issues when opening an account in proposed financial institution;
- Opening of bank accounts – we will help to open bank accounts for your clients;
- Full support during their work in the banks – most importantly, we will help your clients to solve any issue that they might have during their work in the banks.

Why to work with us?

- Huge experience in the banking sector – almost all our employees are coming from the financial sector;
- More than 1000+ open bank accounts – 90% of the clients are served based on references of our existing partners and clients;
- We do not use any intermediary services – we work directly with all the banks or payment systems we offer;
- Our employees always accompany the Partner's clients to a meeting in the bank in order to open the accounts.
